3.0 SCOPE OF WORK

The Department of Social Services strives to meet its mission of strengthening and supporting individuals and families by promoting cost effective and comprehensive services in connection with our partners that foster independent and healthy families. We believe that strong families are South Dakota's foundation and future.

This RFP is to provide DNA Genetic testing services at the request of the South Dakota Department of Social Services, Division of Child Support and the Division of Child Protection Services.

The South Dakota Division of Child Support (DCS) is responsible for administering a statewide child support enforcement program under the provisions of Title IV-D of the Social Security Act (hereinafter referred to as "Title IV-D").

DCS is responsible for establishing paternity, establishing medical and child support orders, enforcement and modification of medical and child support orders, and collection and disbursement of child support payments.

Child support services are currently provided in eight (8) child support offices located throughout the State of South Dakota in seven (7) judicial circuits.

The South Dakota Division of Child Protection Services (CPS) provides services to children and their families in order to assure the safety of children, while strengthening the family unit. Services are provided to families in their homes and when children are removed due to child abuse and/or neglect, services continue with their parents and are also provided to children and their placement resource until a permanent plan can be achieved for the child which may be reunification, relative placement, guardianship, adoption or emancipation and transition to adulthood. The primary areas of focus for CPS are the following: Protective Services, Alternative care, Licensing, Adoption, Independent Living and Parenting Education.

CPS manages many cases in the court system, and it is necessary in some cases to determine paternity to assure legal proceedings include the biological father of the children involved if paternity has not already been established.

CPS provides services in 19 offices located throughout the State of South Dakota.

DSS estimates 375-440 cases will be referred annually. Of this amount approximately 225-275 would account for DCS cases and 150-165 cases would account for CPS cases.
